Saturday, November 8, 2008 - BERNICE LEWIS - It has been said that she elevates the experiences of everyday life to an art form. She sings from a woman's perspective with wit and eloquence in distinctive, powerful vocals... With attention equally divided among matters of the earth, matters of the soul and matters of the heart, Lewis has staked out as her territory the sum of contemporary existence, and by giving so generously of herself she helps illuminate the lives of others."

Saturday, December 13, 2008 - **MITCHELL'S CAJUN ACES** - Mitchell's Cajun Aces will take you to another time and place, Southwest Louisiana in the 30's, 40's and 50's, where the preferred language is Cajun French and all the songs are sung straight from the heart; Where a poor family is one that doesn't have a fiddler or an accordion player; Where the food is always hot and the most popular past time is dancing the two step and the waltz. This is where the Cajun and Creole cultures merged to create a truly American music form that will make you want to get up and dance. Band Members Keith Hoffman Cajun Accordion and Vocals, Susan Donoghue Fiddle and Vocals, Patty Reutemann Guitar and JoAnne Rocke Double Bass and fiddle
